

Natsoft concludes the M&A process to onboard CorpOne, a fast growing BPO company!

Natsoft all set to expand its service delivery offerings through CorpOne, now in its armour!

Natsoft Corporation, a 17 year old New Jersey, US headquartered boutique IT services company with offices also in India, Australia, Singapore, Mexico and Canada has recently concluded the acquisition process to onboard CorpOne to the Natsoft family. CorpOne is a 16 year old India based customer service and transaction processing company providing BPO services to several of its niche clientele.

Speaking on the occasion, Timmy Cheedala, the founder and CEO of Natsoft said CorpOne is a seasoned company in the space of customer services and we are delighted to have them onboard and welcome their 1100+ Employees to the Natsoft family.

Venkata Giri Yandamuri (Giri), Founder and Managing Director at CorpOne says it's a wonderful synergy to be part of Natsoft and look forward to operate as their global back office for customer support services. He further said, this synergy will over night give an access and opportunity to CorpOne, to provide services to newer geographies and leverage the Natsoft reach.

Srinivas Cheedella (Sri), President and Managing Director at Natsoft lead the process of closing the transaction with CorpOne, also includes its subsidiary. Sri says, CorpOne over the years established a reputation as preferred service provider with several of its clients and Giri with his rich experience in scaling CorpOne brings onboard tremendous leadership and entrepreneurial bent of mind. Sri also said, Giri and his highly experienced and strong team will continue to lead CorpOne in its new avatar, as also the global back office of Natsoft for customer support services.
